FOR AGENCIES, SCHOOLS, NONPROFITS AND EMPLOYERS

Outpatient mental-health services for your organization.

Discuss a psychiatry or psychotherapy service arrangement with Integrative Psych in Manhattan. Start with the people you serve, their location and the services needed. We can then review clinical fit, staffing and terms.

> **Integrative Psych · Chelsea, Manhattan**
> 80 Eighth Avenue, Suite 202 · New York, NY 10011
> In-person care in Manhattan. Telehealth eligibility depends on the treating clinician's license and the patient's location.

Services to discuss

- Outpatient psychiatric evaluation and medication management.
- Psychotherapy and coordination with existing treatment teams.
- Referral arrangements for organizations connecting people with outpatient care.

Confirm population, age range, service fit and clinician availability with the team.

Define the service requirement

- Organization, program and service location.
- Population and approximate monthly appointment volume.
- Proposed start date, schedule and duration.
- Funding route, procurement requirements and reporting needs.

Plan the arrangement

For public-sector and organizational work, discuss the required credentials, staffing, payment arrangements and contract terms before scheduling services. A written scope should identify responsibilities, service volume and the approach to coordinating care.

Contact Ryan Sultan, MD

Ryan S. Sultan, MD is a psychiatrist at Integrative Psych and Assistant Professor of Clinical Psychiatry at Columbia University Irving Medical Center.
